## Personal Profile:

Full-stack developer with 2 years of experience in e-commerce, having previously worked in content management. Learning programming since October 2019 which has been consolidated at a code academy building websites and full-stack MERN applications. This is complemented by an interest in design and graphics – a skill developed in free time as a personal hobby.

## Experience:

- Nov'17 – Nov'19**      **Wayfair GmbH**  
**Supplier Merchandising Manager**  
Responsible for the management of 70+ supplier accounts, advising them on best-in-class content and media to drive customer engagement with their products on-site. Also responsible for a number of side-projects related to process improvements, newsletters and supplier webinars.
- Jun'14 – Nov'17**      **Facilitas**  
**Content Management**  
Working for a family-owned news website. Responsibilities included marketing, website analytics, databasing and website content creation. Also played a role in website design and layout.

## Education:

- Code Academy**      **Ubiquum Code Academy Berlin**  
**3-Month 500hr Full-Time On-Site MERN Stack Course**  
Completed 4 full-stack projects with a main focus on Javascript and React. Worked learning-by-doing under a sprint-based agile project management environment. Also worked using Slack and Trello.
- BA (Hons)**      **Henley Business School**  
**International Business Management with German**  
Overall Classification: 2:1
- Erasmus Diploma**      **Universität Potsdam**  
**Erasmus Study Abroad Programme**  
1 year studying German and Business modules in the German language.
